Sustainability Report

2006 - 2007

Introduction

3663 First for Foodservice, the UK's leading national foodservice distributor uses a sustainability values-based approach to the running of its business. The development of its people and products, together with its environmental management practices, ensures that 3663 is the "Supplier of Choice" for the caterer.

3663 is part of the Bidvest Group, which is listed on the Johannesburg Sustainability Index.

This report outlines 3663's key performance indicators for the year ending July 2007. This is divided into the three pillars of sustainability - People, Products, and Environmental Management.
